### Words Of Hope by Pastor Rhoda Klein

Have you hugged a tree recently? Maybe quite some time has passed since you last embraced the trunk of a tree declared safe in a schoolground game or scaled its girth in search of new treasures and views. Did you know contact with trees can be beneficial to your mental health? Study participants had increased levels of oxytocin and serotonin

hormones following time spent among trees which gave them a greater sense of calm and happiness. I find it interesting Proverbs 3:18 describes wisdom as a tree of life to those who embrace it, repeating “those who cling to her are happy.” Where can we find this life-giving wisdom? Trees have been its keeper for centuries, a vital source for recording the wisdom of God in paper form. Wisdom is also found in the counsel of elders, who are like robust trees strengthened by each ring of life. God loves to share with us His divine wisdom. He blessed Solomon’s prayer for wisdom to lead. Don’t hesitate to reach for and cling to that wisdom today.

**BIBLE LAB** turns to Jesus and the message in His miracles. Join us every Sabbath at 10am in the Chapel to learn more.

**OAC's LEAD PASTOR UPDATE:** At the end of June we were notified our primary candidate could not accept this call. Your continued support and prayers are deeply appreciated.
